Ranger Maintenance and Repair Care Plans

VIAMI offers warranty and calibration Care Plans for Ranger products that include hardware and labor costs for repair, *and* annual certified calibrations performed at the factory during the duration of the service contract.

VIAMI returns your product working like it did when it came off the factory line but with added maintenance and enhancements that will extend the product life. All Engineering Change Notices (ECNs) and software/firmware updates will be upgraded to approved levels. Factors that need calibration can be adjusted to ensure accurate performance.
